Overview

Due to low volume sales or product line obsolescence, the following part numbers will be discontinued, or are no longer available for order. Table 1 contains items that are currently available. Table 2 contains items that are already obsolete. If an item is no longer available and a replacement item is required, contact the JCI Technical Support Team at 1-800-275-5676.

Affected currently available parts

For a list of affected parts, see the following table. All on-hand inventory for these items is only available while supplies last. Orders for products beyond the current inventory level are subject to component and supplier availability.
